Obj (Barcelona 2007)

Obj.
Nace en 2007 de la unión de sus dos socios: Javier Taberner y Nacho Poveda. Sus diseños de mobiliario, producto e iluminación han sido reconocidos con numerosos premios y distinciones, habiendo sido difundidos en publicaciones especializadas a nivel internacional. El estudio también ha participado en distintas exposiciones y eventos en diferentes ciudades de Iberoamérica, Londres, Madrid, Milán, Barcelona, Saint Étienne, etc.

Josep Novell.
Diseñador industrial. Escuela Superior de Diseño Elisava.
Bachelor of Arts in Design (top up).
Winchester School of Arts.
Miembro de la Asociación de Diseño Industrial del Foment de les Arts i del Disseny ADI-FAD.
Con estudio propio o asociado a otros diseñadores desde 1980.
Profesor de proyectos en la Escuela Superior de Diseño Elisava.
Universidad Pompeu Fabra desde 1984.

Josep Puig Cabeza.
Diseñador Industrial por ELISAVA Escuela Superior de Diseño (1980).
Título de Técnico Superior en Artes Plásticas y Diseño (1982).
Bachelor of Arts with First Class Honours in Design University of Southampton (2010)

Oriol Llahona.
Estudia Diseño en Elisava (Barcelona) y en la Universitat GH Essen (Alemania). Después de trabajar en empresas y estudios de diseño, en 2004 crea positiu; su visión cosmopolita, contemporánea y positiva del diseño.
La búsqueda de la esencia y las emociones en nuestra vida.

Ernest Perera.
En 2006 crea la editora de objetos para el hogar AMORDEMADRE.
Coordina el departamento de diseño de la empresa Rumitag (2004-2009).
El 1998 crea estudio multidisciplinar Dforma para la realización tanto de proyectos personales como pluridisciplinarios. Profesor en las escuelas Elisava, EINA, ESDI, IDEP y Lai. En 2011 entra como coordinador en la junta de Joves d'empresa de l'ADEG. Forma parte de la junta del ADI-FAD, 2006-2009.

Ernest Perera Duran.
In 2006 creates the editor of home objects AMORDEMADRE.
Coordinates the department of design of the Rumitag company (2004-2009). In 1998 creates the multidisciplinary studio Dforma for the accomplishment of personal projects and multidisciplinary projects.
Teacher in the Elisava, EINA, ESDI, IDEP and Lai schools. En 2011 enters like coordinator of the ADEG. Forms part of ADI-FAD foundation since 2006-2009.

Josep Puig Cabeza.
Industrial designer by ELISAVA Superior School of Design (1980).
Title of Superior Technician in Plastic Arts and Design (1982). Bachelor of Arts with First Class Honours in Design University of Southampton (2010).

Oriol Llahona.
Studied design in Barcelona and Germany. After being in different companies and design studios, in 2004 he created positiu. Positiu (positive in catalan) is his own vision of design: cosmopolitan, contemporary and positive. Positiu looks for the essence and emotions of objects and spaces.

Obj.
Studio borned in 2007 from the union of his two partners: Javier Taberner and Nacho Poveda. Their designs of furniture, product and lighting have been recognized with numerous prizes and distinctions in specialized publications, having spread to an international level. The studio also has participated in different exhibitions and events in different cities of Ibero-America, London, Madrid, Milan, Barcelona, Saint Étienne, etc.

Josep Novell.
Industrial designer. Superior School of Design Elisava. Bachelor of Arts in Design (top up). Winchester School of Arts. Member of the Association of Industrial Design of the development of Arts and Design ADI-FAD. With own studio or associated to other designers since 1980. Teacher of projects in the Superior School of Design Elisava and University Pompeu Fabra since 1984.

SISTEMA DE ILUMINACIÓN MODULAR

Cada módulo (*figura A*) está preparado para conectarse con el anterior y gracias a su forma permite innumerables combinaciones sólo limitadas por la imaginación del proyectista. Los cristales están diseñados para poder crear un ritmo estético en la luminaria dependiendo de los gustos del cliente. Sólo es necesario un punto de luz para crear una cadena infinita de luminarias. También hay un tramo ciego para poder hacer separaciones de luz, que igualmente se interconecta eléctricamente.

MODULAR LIGHTING SYSTEM

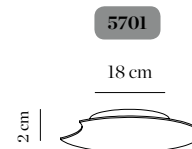

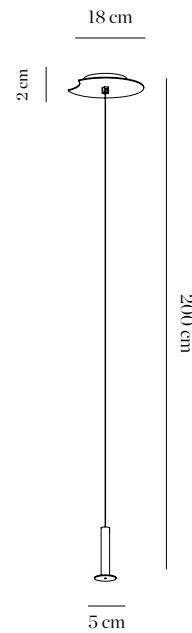

Each module (*figure A*) is designed to be connected to the previous one and due to its shape, allows countless combinations limited only by the imagination of the designer. The glasses are designed to create an aesthetic pace according to the customer taste. You only need one power supply to create an endless chain of lights. There is also a blind stretch to make separations of light, which is also electrically interconnected.
